We normally do not meet on the second Wednesday of the month but for March we will have a special presentation about the Census. Every 10 years the federal government conducts a count of the US population. This count then is used to calculate the distribution of federal funds to states. In 2020, the federal government will allocate \$675 Billion to states based on census figures. This outstanding funding supports schools, housing, health care, and transportation right here in Southern Nevada. For every person not counted here, more than \$20,000 is given to other states. Come to find out why it is important that we all participate.

Starting Monday February 3<sup>rd</sup>, you can watch the Varsity Quiz play-off games every Monday evening at 7:30 on KLVX TV-10. See Howard Naylor for more information.
