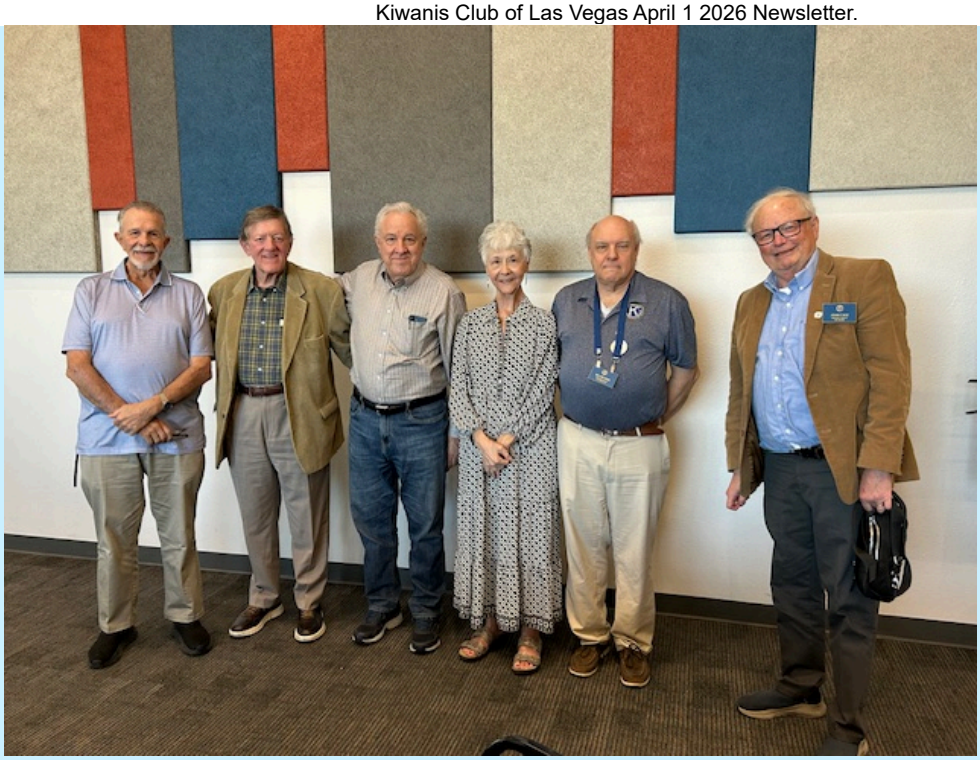
Message from President Phil

Recently, we said goodbye to our longterm member, Howard Naylor, who has moved to Texas. If you want to keep in touch with him, he has kept his same phone number, (702)277-0435. I would like to thank all those who attended his going away event. Howard devoted signifcant time over the years to Varsity Quiz, Children's Shoebox, joint Rotary meeting and arranging for speakers at our meetings and he will be missed.

Please congratuation our member Diane who has a birthday in April.

Varsity Quiz tournaments have finished. Final results will be included in a future newsletter. A luncheon recognizing the winning Silver league team was held on March 9th with a competition between the winning team and a joint team of Kiwanians and the VQ scholarship winner.



We have had some great speakers at our recent meetings. On February 4th, Brook Demitropoulos of NSPE STEAM outreach provided a demonstration of various projects used in elementary schools to encourage student interest in engineering and technology. On March 4, Dr. Su Kim Chung and Kristian Taketomo with UNLV collections provided an overview of contents and historical projects currently available with UNLV collections.
On March 18th, Dr. Meagan Masterson and Kolete Singleton with Hearing Life provided an informative and important presentation on hearing loss and how it can have signifcant effects on our lives if untreated.

Jerry has moved to Heritage Springs. If you want to give him a call to see how he is doing, he can be reached at (702)498-9903. If you want to visit, please call first.

If you missed the 100th Anniversary announcement on 8news, you can see it at the following link:

Stroke has a new indicator

They say if you email this to ten people, you stand a chance of saving one life.
Blood Clots/Stroke – They Now Have a Fourth Indicator, the Tongue
STROKE: Remember the 1st Three Letters.... S.T. R.

During a BBQ, a woman stumbled and took a little fall - she assured everyone that she was fine (they offered to call paramedics) she said she had just tripped over a brick because of her new shoes. They got her cleaned up and got her a new plate of food. While she appeared a bit

shaken up, Jane went about enjoying herself the rest of the evening. Jane's husband called later telling everyone that his wife had been taken to the hospital - (at 6:00 PM Jane passed away) She had suffered a stroke at the BBQ. Had they known how to identify the signs of a stroke, perhaps Jane would be with us today. Some don't die. They end up in a helpless, hopeless condition instead.

STROKE IDENTIFICATION:
A neurologist says that if he can get to a stroke victim within 3 hours, he can totally reverse the effects of a stroke...totally. He said the trick was getting a stroke recognized, diagnosed, and then getting the patient medically cared for within 3 hours, which is tough.

RECOGNIZING A STROKE
Sometimes symptoms of a stroke are difficult to identify. Unfortunately, the lack of awareness spells disaster. The stroke victim may suffer severe brain damage when people nearby fail to recognize the symptoms of a stroke.

Remember the '3' steps, STR.
Now doctors say a bystander can recognize a stroke by asking three simple questions:
S *Ask the individual to SMILE.
T *Ask the person to TALK and SPEAK A SIMPLE SENTENCE (Coherently) (i.e., Chicken Soup)
R*Ask him or her to RAISE BOTH ARMS.

If he or she has trouble with ANY ONE of these tasks, call emergency number immediately and describe the symptoms to the dispatcher.

New Sign of a Stroke
Stick out Your Tongue!
NOTE: Another 'sign' of a stroke is this: Ask the person to 'stick' out his tongue. If the tongue is ‘crooked', if it goes to one side or the other that is also an indication of a stroke.
